

Breathing Air Filter System - Dräger

Manufacturer: Dräger

Description: THIS DEVICE IS DESIGNED TO BE USED WITH AN ALREADY EXSISTING EQUIPMENT Uninterrupted air supply is provided by the trolley-mounted cylinder(s) to the wearer via a hose reel. As the AirPack can be easily re-located and therefore positioned in a safe zone which is in close proximity to working area, the user need only wear a lightweight harness, such as Dräger's PAS Colt, during operation. This allows the wearer a greater freedom of movement, and less stress and fatigue than they would be subjected to if wearing a conventional self contained breathing apparatus unit.

Condition: Used

Stock: 3

External ID: 3369840

Internal ID: 12230

Category: Safety Equipment

Subcategory: Life Saving Appliances

Dimension (L x B x H) [m]: 0,41X0,46X0,25

Weight [kg]: 3
