

Burst Disc Indicator Alarm - Continental Disc Corporation

Manufacturer: Continental Disc Corporation

Description: The heart of the system is the B.D.I. Alarm Strip. Upon disc rupture, the B.D.I. Alarm Strip is severed, disrupting the flow of electric current through the strip. The change in the electric circuit status can be monitored in a control room, or an optional alarm monitor is available from Continental Disc to warn of a rupture disc burst and/or activate appropriate equipment.
