

Coaxial Resistor - Termaline

Manufacturer: Termaline

Model: 8201

Description: A portable, general-purpose 50-ohm coaxial transmission line termination Frequency range: DC to 2.5 GHz Power rating: 500W Connector: QC - N(F) Cooling method: Convection Size: 16.8 x 8.5 x 6" Self-contained - no outside power or additional equipment required. Rugged portable bench load for medium power base station RF testing up to 2.5 GHz. Quick Change (QC) connectors to minimize the need for adaptors when making critical measurements. Low-profile housing with a handle for trouble-free operation in the most demanding environments

Serial No: 10231

Condition: Unknown

Stock: 1

External ID: 3578080

Internal ID: 12277

Category: Electrical Equipment

Subcategory: Electrical Equipment, Other

Dimension (L x B x H) [m]: 0.45X0.15X0.23

Weight [kg]: 15
