Frequency Transducer - Toyo Keiki Co., Ltd.

Manufacturer: Toyo Keiki Co., Ltd.
Model: FGP-1
Description: Toyo Keiki FGP-1 F-Transducer | Frequency to 4-20mA Converter | AC 110V Input, DC 24V Source | DIN-Rail Mount YH-266 Description: For sale is a Toyo Keiki FGP-1 F-Transducer (Frequency Transducer) in excellent cosmetic and structural condition. This heavy-duty, high-reliability legacy component is engineered for industrial automation, power monitoring, and maritime control systems to accurately convert AC frequency variations into a standard analog current loop signal.
Serial No: EC214516
Stock: 1

External ID: 4141028
Internal ID: 12746
Category: Electrical Equipment
Weight [kg]: 0,5
