

Generator Limit switch - Stru00f8mberg

Manufacturer: Stru00f8mberg

Model: Spad-3A5-J6

Description: Stabilized three-phase differential relay providing winding short-circuit and interturn fault protection for two-winding transformers and generator-transformer units and winding shortcircuit protection for generators.

Condition: New

Stock: 1

External ID: 3221565

Internal ID: 12113

Category: Instrumentation

Subcategory: Electrical Measuring Instruments

Dimension (L x B x H) [m]: 0,28x0,20x0,22

Weight [kg]: 5
