

High-Pressure Access Fitting Assembly - Rohrbach Cosasco Systems (RCS).

Manufacturer: Rohrback Cosasco Systems (RCS).

Model: Cosasco Model 57

Description: Technical Description: A/F ASSY 2" ANSI 150# RF, SOLID PLUG W/H.D. COVER A/F ASSY (Access Fitting Assembly): The complete kit including the main fitting body, internal plug, and protective cover. 2" ANSI 150# RF: Built for mounting onto a standard 2-inch pipe flange rated for ANSI Class 150 with a Raised Face (RF) sealing surface. Solid Plug: The internal carrier device that seals the process pressure and holds the chemical injection or monitoring equipment in place. H.D. Cover (Heavy Duty Cover): The heavy blue metal top cap that protects the external threads and provides secondary pressure containment. Primary Application: Chemical Injection (used for injecting corrosion inhibitors or chemicals directly into the process stream).

Part No: 574200-X2

Stock: 2

External ID: 4012785

Internal ID: 12630

Weight [kg]: 4,8
