

High Sensitivity Smoke Detector - Autrosense

Manufacturer: Autrosense

Model: Micra 25

Description: AutoSense Micra 25 is designed to provide very high sensitivity smoke detection in a small package. ClassiFire Perceptive Artificial Intelligence ensures that the detector operates at optimum sensitivity for the protected environment, without the need for complex setup. This means the product will configure itself to provide high sensitivity in a computer room or reduced sensitivity in a smoky area. The detector is designed to fit into a Docking Station. All sampling pipes and cables are connected to the Docking Station as a first fix operation leaving the detector to be fitted during the final commissioning phase if required.

Condition: Good

Stock: 1

External ID: 3212260

Internal ID: 12094

Category: Instrumentation

Subcategory: Fire and Gas Detection

Dimension (L x B x H) [m]: 0,23x0,15x0,14

Weight [kg]: 3
