

Infrared (IR) Gas Detector - Simtronics

Manufacturer: Simtronics

Model: GD10

Description: It is specifically designed to monitor for flammable hydrocarbon gases or carbon dioxide in hazardous industrial environments. These infrared gas detectors differ from all other models, because they utilize silicon based solid-state infrared sources. The complete optomechanical design and construction is so stable that an ultra fast speed of response can be achieved while providing unparalleled service life and detector stability, thus saving on maintenance and service costs.

Condition: Good

Stock: 1

External ID: 3755007

Internal ID: 12439

Category: Safety Equipment

Subcategory: Life Saving Appliances

Dimension (L x B x H) [m]: 0,10x0,10x0,25

Weight [kg]: 3
