

Monitoring System - Bently Nevada/Solar Turbines

Manufacturer: Bently Nevada/Solar Turbines

Model: 2201

Description: 4 Channel Monitor The Bently Nevada 132417-01 is a monitoring module produced by Bently Nevada, a leading provider of vibration and temperature monitoring solutions. This module is designed to provide comprehensive monitoring and analysis of industrial equipment, ensuring its optimal performance and reliability.

Serial No: Main Pwa 21I000Wd

Part No: Bnc 132417-01 Solar 190662-26

Condition: New

Stock: 1

External ID: 3223902

Internal ID: 12121

Category: Electrical Equipment

Subcategory: Monitoring

Dimension (L x B x H) [m]: 0,32x0,23x0,09

Weight [kg]: 2
