

Purge Controller - Bartec

Manufacturer: Bartec

Model: Apex 2003.00

Description: The APEX 2003.00 control unit controls and monitors the pre-purge and operating phase of pressurised enclosure housings. Digital or proportional purge gas valves can be used to input purge gas. The parameters are adjusted using rotary switches and keys. There is the option to transmit the parameters via a RS485 interface. The control unit features two programmable relays and one non-floating release contact.

Condition: Good

Stock: 2

External ID: 3703876

Internal ID: 12316

Category: Electrical Equipment

Subcategory: Monitoring

Dimension (L x B x H) [m]: 0.35X0.20X0.16

Weight [kg]: 7
