

Replacement Membrane Separator Kit (Model 130HPMX) - Genie Filters (A+ Corporation)

Manufacturer: Genie Filters (A+ Corporation)

Model: Model 130HPMX

Description: • Product Name: Replacement Membrane Separator Kit (Model 130HPMX) • Manufacturer: Genie Filters (A+ Corporation) • Part Number: Part#130-502 • Primary Application: Used in Dewpoint Analysers and Gas Chromatographs to remove 100% of liquid aerosols and particulates from gas samples. • Technology: Genuine Genie® Membrane Technology™. • Membrane Diameter: 2" (Standard size for Model 130 housings). • Max Pressure Rating: Up to 500 psig (34.5

barg) in stainless steel housing. • Key Benefit: Essential for protecting sensitive analytical equipment from liquid contamination while preserving sample integrity.

Part No: Part#130-502

Condition: New

Stock: 1

External ID: 4135886

Internal ID: 12737

Category: Tools & Machinery

Subcategory: Machinery

Dimension (L x B x H) [m]: 0,30x0,21x0,5

Weight [kg]: 0,500
