Trojan UVLogic Electronic Lamp Ballast Assembly - Trojan Technologies Inc.

Manufacturer: Trojan Technologies Inc.
Description: • Official Product Name. Electronic Lamp Ballast Assembly (1-Lamp) for TrojanUVLogic / Aquafine Logic AM Series • Manufacturer. Trojan Technologies Inc. (Aquafine / TrojanUV) • Manufacturer Part Number (P/N). 912513 • Component Type. Electronic UV Lamp Ballast / Driver (Auto-Ranging) • System Compatibility. TrojanUVLogic / Aquafine Logic AM (Midflow) models only • Lamp Capacity. Drives 1 germicidal UV lamp per ballast • Input Voltage & Frequency. 100–240 VAC, 50/60 Hz • Mounting Location. Installed inside the system's Control Panel (CP) • Weight. Approx. 1.60 lbs (0.73 kg) • HS Tariff Code. 8504.10.0000 • Country of Origin. Germany • System Certifications. UL, CE, NOM, NSF/ANSI/CAN 61 & 372 (when used as a genuine OEM replacement part in certified systems)
Part No: 912513
Condition: New
Stock: 1

External ID: 4212655
Internal ID: 12760
Category: Electrical Equipment
Subcategory: Electrical Equipment, Other
Dimension (L x B x H) [m]: 0,20x0,15x0,5
Weight [kg]: 0,5
